Subject Re: FW: Transmittal - Revised WA 2-03 (BID) and WA 2-04  
(EIA) combined report

Hi Harry,

I have reviewed the draft/final BID/EIA, and my comments are attached in the document. They are probably not as concise as you anticipate, but that is because there is a lot of writing and re-writing that needs to be done before we get to that level of detail. Briefly, the comments can be summarized as follows:

(b)(5) - Deliberative Process Privilege

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

I'll be happy to discuss these issues at your convenience.

Reid

Val and Reid,

I am forwarding a copy of the draft final BID/EIA report on subpart W NESHAP we sent to you for comment on July 21<sup>st</sup>. I know you both may have been away but if you could provide your comment or acceptance on this as soon as possible I will be able to issue a final within seven days of receipt. I have reviewed the draft rule package you shared and it seems to me the BID/EIA does support your intended action.

Val,

Non-responsive

Harry

The attached draft, *Technical and Regulatory Support to Develop a Rulemaking to Potentially Modify the NESHAP Subpart W Standard for Radon Emissions from Operating Uranium Mills (40 CFR 61.250)*, is being sent to you in accordance with Contract Number EP-D-10-042 for review and comment. This document represents a rewrite and response to comments on the initial BID/EIA document sent to EPA on March 25, 2011. Per our discussion (EPA and SC&A), we are requesting that the EPA WAMs review is updated report and provide any final comments back to SC&A within 7 days of receipt. Upon receipt of any additional comments from EPA, SC&A will complete and issue the final report to EPA within 7 days, in accordance with Work Assignment 2-03 and Task 2A of Work Assignment 2-04.

Please provide any comments or questions on the content of this report to Harry Pettengill. If you have any problems with the attached MS Word documents, please contact me.

Sincerely,

Nancy
